- Migration
- Homeless People
- Addiction

Share your experiences with us and let us reflect on them within the international group of participants.

The international exchange program will be organized by **CIF Germany in Munich and Nuremberg!**

The goal of the Council of International Fellowship (CIF) is to promote professional, cultural and educational exchange for professionals working in the field of **Social Work/Human Services**.

The program will provide an inside view into the areas mentioned giving them a chance to step deeper into the field they have chosen. Practical and theoretical information about the social and cultural environment of Germany will be added.

Cross-cultural exchange is a crucial part of the program as participants come from different countries, thus providing opportunities for professional development, sharing and learning as well as broadening professional and personal horizons.

The program will be divided in a general program for all participants and a one week 'individual program' in which you are placed in your chosen agency with your main interests. Please note that during this program you will not be able to actually work in the agencies you visit.

Language: The language used during the program is **English and if possible German**.

Number of Participants: We will select up to **4** participants.

Financial conditions:

The **participant's fee is € 350**. These fees are used to cover the costs of organizing the program and the domestic travel costs related to the program.

Participants pay their travel expenses from their country to and back home from Germany.

Participants are required to apply in their country for a visa (if necessary) and for a personal insurance covering medical and emergency expenses before their arrival in Germany.

Participants need money for their own personal expenses such as gifts, lunch, private travel, long distance calls etc. and for all expenses before and after the program. Please note that no grants can be provided to any participant.

Support: Participants live in **host families** who provide a private bedroom, breakfast and evening meals. You will be able to commute from the host family to the agencies within the Munich and Nuremberg transportation system.
